

# Combined Coax, Structured and Optical Fibre

This telecommunications course builds on Optical Fibre, Coaxial and Structured Cabling.

## **Optical Fibre:**

This course will provide participants with the underpinning knowledge and skills to work with optical fibre telecommunications cabling.

By completing this course, learners will gain the necessary specialist competency (previously known as endorsement) to undertake optical fibre cabling work.

The Australian Communications and Media Authority's (ACMA) new cabling provider rules require technicians undertaking structured cabling work to complete this competency.

## **Coaxial Cabling;**

This course covers the installation and termination of coaxial cabling in the customer premises environment.

## **Structured Cabling;**

This course provides learners with the skills and knowledge to install, terminate and certify structured cabling.

By completing these courses, learners will gain the necessary specialist competency (previously known as endorsement) to undertake coaxial cabling and structured cabling work. The Australian Communications and Media Authority's (ACMA) new cabling provider rules require technicians undertaking coaxial cabling and structured cabling work to complete this competency.

#### Pre-Requisites:

Learners with an Open Cabler Registration qualify to receive the coaxial cabling specialist competency (endorsement).

#### Course Duration:

Four Day Course

#### Course Dates:

#### **Brisbane - Rocklea Campus**

Please select the following link for course dates:

<http://www.electrogroup.com.au/new-course-dates-2018/>

#### **Rockhampton Campus**

TBA

#### Course Fee:

\$420 If you are Eligible for CSQ Funding (CSQ will fund the Structured Cabling unit only)

\$900 Full Fee - If you are NOT Eligible for Funding

*Fee is calculated through a Construction Skills Queensland (CSQ) funded subsidy of \$480. Conditions apply to eligible applicants. Go to <http://www.csq.org.au/search/courses?id=49&v=72> for more information on eligibility requirements*
